Dear Potential Partner:

Thank you for your consideration in proposing a community based Green Team Project for your area. Community partners like you are vital in generating the exciting and meaningful work that our Green Teams undertake from year to year.

Proposing a Green Team project not only enhances and conserves our environmental and cultural resources but also supports the development of four local youth (aged 16–30) and the sustainability of your community and surrounding area.

CCNL's Green Team Program has developed a reputation in the province as being a provider of opportunities for youth to gain solid skills through meaningful community work. Furthermore, the program encourages teamwork, creative thinking, problem solving and attempts to contribute long term sustainable development in the region. We are more than just a provider of "youth as labourers".

If you have a project already developed, or in the development phase, please complete the *Green Team Program Project Proposal Application Form* below and send it back to Conservation Corps. If you don't have a project idea or require assistance in the application process please contact us to see if the Green Team Program or other Conservation Corps Programs may be of assistance. We encourage you to visit our website to view our past Green Team project descriptions to get a better understanding of the work of the Green Teams and to potentially generate a project idea. The deadline for proposals is **Friday, February 26, 2016.**

If you have any questions about your project proposal, project development, projects that have been funded in the past, other funding possibilities, or any other matter regarding Conservation Corps, please contact me at the above address or visit our website at www.ccnl.ca. We look forward to an exciting and rewarding 2016 Green Team season.

Sincerely;

Megan Stuckless Programs Manager

2016 Green Team Project Proposal Application

Exceptions & Spec	cial Conside	rations	
Example: July 4 th – July 8 th . Monday – Friday work day to start at 5:00 AM	River Surv	ey of Fisherpersons	
Example: August 6 th & 7 th . Saturday & Sunday (8:30 AM – 4:00 PM)	Come Hon	ne Year Activities	
8.0 Permits and Permissions: Certain projects may require permits and or permission in order for work to be completed. For example: Instream work permits (DFO). Please attach copies of confirmed permits and permissions or forward copies when acquired.			
Type of Permit / Permission Required for the Project		Confirmed	Date Anticipated

9.0 a.) The community partner is responsible for providing history to the Green Team on the first day of work on site (.			
individual responsible for this orientation.			
Name	Address		
Title	Telephone		
Organization	Email		
9.0 b.) The community partner is responsible for identifying and assisting with any project specific training required for the completion of the proposed project e.g. electrofishing, stream work, archeological digging, interviewing, etc. Please identify the project specific training required and the contact information for individual responsible for training.			
Nature of training:			
Individual responsible			
Name	Address		
Title	Telephone		
Organization	Email		
10.0 Are there potential safety hazards related to this project? (i.e. steep overhangs, fast or deep water, hazardous materials, etc.) Please list.			
11.0 List all types of manual hand tools AND power tools required for this project. (if applicable)			

12.0 Access to office space, phone, fax, internet and email MUST be provided by the community partner to allow		
Green Teams to complete the administration requirements of their positions (e.g. media releases, weekly reports,		
final reports, etc.). Is the community partner able to provide access to the above resources?		
Yes O No O		
Please provide information on location and available time(s) for office space.		
SECTION C: BENEFITS AND NEED		
Please take time to fully complete the following questions. Emphasis will be placed on this section during the project		
evaluation process.		
1. How does this project enhance, restore and sustainably develop our natural and/or cultural resources?		
2. How does your project provide young people with an opportunity to develop leadership, teamwork, and		
employment skills?		
3. How does this project demonstrate broad community/regional support and partnerships?		

SECTION D: FUNDING REQUEST		
Please Check Box(es)	Categories of Green Team Funding Request	
Category 1	Community Based / NGO Proposed Projects. Traditional 4 Person Team. 3 Team Members at current minimum wage and 1 Team Leader at \$1 more per hour than minimum wage. All four personnel employed for eight weeks.	14.5% Cash Contribution (\$3,500) required from the Community Partner. CCNL contributes remaining 85.5% (\$24,000).
Category 2	Community Based / NGO Proposed Projects supported by a Corporation identified by Conservation Corps. Traditional 4 Person Team. 3 Team Members at current minimum wage and 1 Team Leader at \$1 more per hour than minimum wage. All four personnel employed for eight weeks.	No Cash Contribution (\$0.00) required from community partner. 100% paid for by a Corporation identified through the CCNL.
Category 3	Specialty Team. Customized to fit the needs for a particular project. Extended or enhanced work placements. Duration of employment and/or wages could be increased and number of Team members could vary from the traditional 4 person Team.	Determined on a case by case basis pending CCNL funding level.

- --- There is limited capacity under Categories 2 and 3. The majority of projects will fall under Category 1. Checking Category 2 provides CCNL permission to present your proposed Green Team Project to a potential Corporate Sponsors identified by the CCNL. If your project is selected CCNL will formalize this partnership before final approval is given.
- --- You may check more than one category. For example, checking category 1 and 2 indicates that you have secured your \$3500.00 cash contribution but you would also like Conservation Corps to present your project to a Corporation in hopes that it may be fully funded.
- -- If you check category 3 please complete the section below to give us a better understanding of your special requirements. We will consult back on the possibility of a special arrangement and budget/contribution requirements (minimum of a \$3500 cash contribution required).

Please Complete Only if you checked Category 3 Above			
	Number of Green Teamers Required to complete Your Project	Proposed Hourly Rate (Team Members must be at least current minimum wage and Team Leaders \$1.00 more than minimum wage)	Start Date End Date
Green Team Leader			
Green Team Members			

Please Complete Only if you checked Categor	y 1 Above Sources of Fund	ling for Community Cont	ribution
All projects accepted into partnership under the Green Team Program (traditional 4 Person Green Team – Category 1)			
are required to supply a \$3500.00 cash cont	ribution to Conservation Corp	OS.	
Source/Group Name	Contribution Amount	Confirmed	Date Anticipated
Note: Contribution Amount M			nization.
Please atta	ch confirmation letters indica	ating support.	
SECTI	ON E – ADDITIONAL INFORM	1ATION	
Use this space to indicate any special consid		npletion of your project	or to add any
supplementary information you feel is relev	ant to your application		

SECTION F CERTIFICATION			
I certify th	nat the information in this application form is tru	e, correct and complete in every respect to the best of my	
knowledge	e and I am authorized to sign on behalf of the or	ganization.

Forming Our Partnership Summary of Responsibilities

If your project is accepted, CONSERVATION CORPS WILL:

- provide you assistance and advice for setting up your project;
- hire a Regional Supervisor to be the main liaison between you and Conservation Corps this person will oversee your project as well as other projects within a particular geographical region of the province;
- hire four youth from the local area to form a Green Team (traditional 4 person Team aged 16 30);
- provide training and orientation for the Regional Supervisor and the Green Team;
- help identify and ensure that the Green Team receives project specific training;
- administer the wages and benefits for the Regional Supervisor and Green Team;
- be responsible for all personnel matters throughout the summer including hiring, discipline and evaluation;
- provide funding for over 85.5% of Green Team costs (wages, benefits, training & travel traditional 4 Person Green Team)

PROJECT PROPONENTS ARE EXPECTED TO:

- provide a project that conserves, enhances and sustainably develops our natural and/or cultural resources, can be accomplished by a Green Team (youth aged 16 30) within the specified time period, provide young people with an opportunity to develop leadership, teamwork and employment skills (you will be expected to complete a work plan for the Team after your project is accepted);
- provide funding for 14.5% of Green Team (traditional 4 person Green Team this \$3500 contribution includes a share of Green Team wages, training, travel and supervision costs;
- be responsible for project materials and equipment necessary to complete the project Green Team members will have their own safety boots, eye protection, first aid kits, work gloves and hard hats;
- list the type of hand and power tools required for the completion of your project (certain mechanized cutting tools are not permitted i.e. chainsaws) check with Programs Manager for suitability of tool(s); all tools will require proper orientation and safety training;
- be able to provide working space and access to office equipment and supplies;
- provide a contact person who will be available throughout the summer to help the Regional Supervisor and Green Team ensure that all stakeholders' goals are being met;
- sign a project specific letter of understanding, detailing the responsibilities of the Conservation Corps and the Project Proponent.
